U.S. EPA Declares Dimock PA Water Has No Health Impact
<http://www.eidohio.org/u-s-epa-declares-dimock-pa-water-safe/>

Rebecca,

Perhaps you could give Trish Taylor a call and ask her to please demand a retraction. EID is making it sound like the EPA is saying that the water in Dimock is safe, when in reality, all they're saying is that based on the DEP data they have reviewed, the Dimock water poses no immediate health risk. There's a huge difference.
